

How do I retrieve my password or username?

If you have forgotten your password, you can access the website with a one time use link.

To retrieve your user name or password click the link below or enter the web address in your web address bar.:

<https://members.walkingspree.com/user/password>

You will need to enter your email address associated with your Walkingspree/Amazing Pace account.

The reset link will generate an email with a link to click on to open a browser into your account.

(If clicking the link doesn't work, you may have to copy/paste the link into your browser).

Password:

To change the current user password, enter the new password in both fields.

Click SUBMIT!

When changing your password, passwords must be at least 8 characters long, must contain an uppercase, lowercase letter and at least one digit.

It will take you to your My Account page where you can enter your password (you will need to enter it twice). Then scroll to the bottom of the page and press the submit button.

Submit

NOTE: The one time use link in your email is time sensitive and will expire after 24 hours. If you do not use the link during this time please request a new one.

Please retain your username and password information in a safe place for future reference.

If you have had an email address change, please email: support@Lifebux.com

or call 1-800-748-9697 (662-328-0444)
